About Me

I'm a second-year B.Sc. Information Technology student with a passion for technology, problem-solving, and continuous learning. With hands-on experience from real-world projects and internships, I thrive in team environments and enjoy turning ideas into practical solutions. I'm eager to contribute to meaningful work, grow my skills, and make a positive impact wherever I go.

Career Objective

Seeking a part-time developer role or internship where I can contribute my technical expertise, teamwork, and creativity while gaining valuable industry experience.

Soft Skills

- Communication Skills
- Teamwork and Collaboration
- Problem-Solving
- Time Management
- Adaptability
- Critical Thinking
- Positive Attitude
- Leadership Qualities
- Work Ethic
- Creativity

Internship Experience

Full Stack Developer Intern

Real Estate Project | College Placement | Jan 2025 - Mar 2025

- Developed a real estate web platform from scratch using HTML, CSS, JavaScript, PHP, and MySQL.
- Designed and prototyped responsive UI components in Figma.
- Structured the backend database using SQL and implemented secure login and dashboard systems.
- Worked in a collaborative team setting with regular progress presentations and Git-based version control.

Academic Projects

1. Real Estate Web Application

Full Stack | PHP, MySQL, Figma, JavaScript

- Built a listing system, user authentication, and admin portal for managing real estate properties.
- Connected frontend with dynamic backend using database queries and server-side scripting.

2. Student Management System (DBMS Project)

Database Management | MySQL, PHP

- Designed ER diagrams and schema to manage academic data.
- Built a simple UI to view, edit, and delete student information.

3. Online Bookstore UI (Figma Project)

UI/UX | Figma

- Designed a clean, modern shopping app interface with a focus on usability and flow.
- Incorporated intuitive user navigation, filters, and a mobile-first layout.

Certifications & Courses

- Frontend Development with HTML/CSS/JS
- Coursera - UI/UX Design Basics - Great Learning
- MySQL for Beginners

Achievements

- Top 10 Rank in School - 10th Board (74%)
- 1st Rank in Commerce Stream - 12th Grade (83.83%)
- Selected through campus placement for development internship
- Participated in Hackathon 2025 - Ranked in Top 5 teams
- Conducted peer workshop on "Intro to Git & GitHub"

Tools & Platforms

Frontend: HTML, CSS, JavaScript

Backend: PHP, MySQL

UI Design: Figma

Database: SQL, PL/SQL Version Control: Git,

GitHub Others: Canva.

Extra Strengths

- Excellent public speaking and presentation skills
- Peer mentoring experience in college
- Strong sense of responsibility and leadership
- Versatile across both frontend and backend work
